APPENDIX NO. 3.

Rules of Procedure of NBH's VIBER (Real-Time Gross Settlement System) Service

Rule No. 1:

If the remitting bank has accepted a payment order from the customer to be executed on the same day, it shall forward the order within 2 hours, not later than the cut-off time stipulated by NBH for the acceptance of VIBER customer payments, and provide sufficient funds for the transaction. If a VIBER payment order has been accepted before VIBER opening hours, the 2-hour processing time shall be counted from the opening of VIBER operating hours.

Rule No. 2:

In the case of customer payment orders to be executed on a specified value date, the VIBER member must provide sufficient funds on the value date within 2 hours from the opening hour.

Rule No. 3:

VIBER members must credit HUF orders coming from VIBER immediately to the customer's account, within 2 hours from receipt at the latest, as monies received on the relevant day, so that the incoming amount shall provide funds for the customer's transfer orders concerning the same day. Should an order arrive after the prevailing cut-off time of VIBER customer items, the VIBER member must nevertheless credit such orders on that day, by the deadline specified in effective laws concerning payments (pursuant to the rules of the Interbank Clearing System operated by GIRO Settlement Ltd.).

Rule No. 4:

Should the VIBER member be unable to credit an order coming from VIBER due to any particular mistake (e.g.: wrong bank account number), such order must be returned to the remitting bank through VIBER—with a standard message and supplied with the adequate, standardised error code—possibly on the same day, not later than one and a half hours from VIBER opening time on the following banking day.

Rule No. 5:

Receiving VIBER members are prohibited from modifying incoming orders before crediting them to the customer's account. Should the remitting bank ask an order to be returned due to technical problems (e.g.: double sending) prior to crediting, the receiving VIBER member shall return it with a standardised error code on the basis of the remitting bank's advise, against the remitting bank's simultaneous written confirmation (including transaction details that make it possible to identify the wrong transaction beyond doubt). If the customer's account has already been credited, the receiving VIBER member shall immediately start discussions with the customer based on the remitting VIBER member's advise in order to have the item—credited due to the sender's fault—returned as soon as possible. The receiving VIBER member may not, however, modify the original payment order even in such case.
