Before signing the Payment Account Agreement, please read carefully and get acquainted with the Fee Information Document, the General Business Conditions (GBC), the Consumer Banking Business Conditions, Raiffeisen Bank's Privacy Policy, Information about bank-to-bank account switching for retail clients and the effective Consumer and Premium Banking and (Featured Private Clients) Private Banking List of List of Terms & Conditions, and the Announcement on the services available on the accounts of minor account holders with limited legal capacity (the above documents collectively, the "the Fee Information Document and General Terms & Conditions of Contract"), which are available for our Customers in the Bank's website <https://www.raiffeisen.hu/contracts-consumer>. In this website, you can find the Fee Information Document and General Terms & Conditions of Contract from time to time in effect. On the above-mentioned website, under the Archive heading under the given document, it also publishes their no longer valid text, so you can also find the text in effect at the time of the conclusion of the framework agreement, as well as the text affected by subsequent amendments. In the Archive, the titles of the given documents indicate their temporal scope.

The Bank, considering the measures proposed by the Ministry for National Economy to curb inflation, has decided to offer discounts on certain fees on a promotional basis from May 1, 2025, to June 30, 2026. The discounted fees falling within this category—also including the extension of certain previously announced promotions—are highlighted as 'Promotional Fee' with a star(\*). The Bank reserves the right to modify or terminate these promotions with two months' prior notice to the affected clients, should unforeseen material and adverse changes occur in the circumstances existing at the time of the announcement of the promotions—particularly in the legal and regulatory environment applicable to the Bank— that make it unreasonable to maintain these promotional fees under unchanged conditions.
