- Subsequent annual discounted Visa Classic card fee for Yelloo accounts has been extended.
- Promotion introduced for subsequent annual Visa Classic fee on Yelloo accounts in case of non-fulfillment of conditions.

Amendments announced on 30<sup>th</sup> April 2026 and effective as of 20<sup>th</sup> of July 2026 are marked by gray background:

- Pursuant to the amendment of Act LXXXV of 2009 on the provision of payment services, the increased free cash withdrawal limit of HUF 300,000 for the first two monthly ATM withdrawals applies only to customers who have declared free cash withdrawals and does not apply to customers who have not made such a declaration. Accordingly, the modification announced by the Bank on January 19, 2026, applies the increased limit exclusively to customers who have submitted a free cash withdrawal declaration. The free cash withdrawal limits will therefore be clarified and specified separately for customers who have made the free cash withdrawal declaration and those who have not.

Amendments announced on 31<sup>st</sup> March 2026 and effective as of 1<sup>st</sup> July 2026 are marked by turquoise blue background in the List of conditions:

- The fees marked with a turquoise blue background have been increased from April 1, 2026, based on the 4.4% consumer price index for the year 2025; however, the Bank is postponing the enforcement of this increase as a promotional measure until June 30, 2026, during which time the fees marked as promotional remain in effect. The fees marked with turquoise color will take effect from July 1, 2026.

The fees for Visa Classic, Visa Platinum cards indicated in the above table apply only to Visa cards issued by the Bank as a unilateral card replacement for those originally requested before 2025.08.01, which differed from these. Details related to the bank-initiated card replacement can be found in point 5 of the current List of Conditions.

Cards issued for the Basic Account will be replaced with Visa Classic cards after 01.08.2025, for both main and companion cards. The annual fee for cards replaced for Visa Classic for main cards is HUF 0.

The fee for Visa Classic companion cards issued in this way is:

- Unembossed Start CLEVERkártya (with standard card image) annual fee for previous cards: HUF 5,326, and issuance fee: HUF 4,309.
- Fees for the requested companion card: VertiCard: annual fee HUF 8,421, and issuance fee: HUF 4,578.

\*The promotional fee applies to card fees due during the promotional period; in the case of an annual fee, it applies to the first year's card fee.

\*\* **Discounted annual fee upon fulfillment of the condition promotion:** The promotion applies to bank cards requested from January 1, 2026, until withdrawn, but no later than December 31, 2026, the promotional fee applies to card fees that become due during the promotion period. The discounted annual fee will be charged if the Customer conducts purchasing transactions totaling at least the following with the given debit card or as a Primary Cardholder with their credit card in the 12 months preceding the annual fee charge:

- For fee charges between August 1, 2026, and January 31, 2027, totaling at least HUF 100,000.

If this condition is not met, the non-discounted fee will be charged. Only booked transactions will be considered when accounting for purchasing transactions. The annual fee for the card will be determined and charged based on the conditions of the account package applicable to the Customer at the time of the annual fee charge. When the condition for the discounted annual fee is met, the transaction information stored in the Bank's systems will be authoritative. The Bank does not provide a separate information interface regarding this; already executed purchasing transactions can be verified based on the account history. The first annual fee for the card will be charged upon its issuance, and subsequently, every year on the first working day of the month following the month of the first issuance.

### 1.3 Transaction fees – Card purchase and cash withdrawal fees <sup>1</sup>

In accordance with Act LXXXV of 2009 on the Pursuit of the Business of Payment Services, 36/A. § section (4) point c), Raiffeisen Bank provides two HUF cash withdrawals for free of charge per month from any Automated Teller Machine (ATM) in Hungary up to HUF 300,000 in total for customers who submitted a declaration at Raiffeisen Bank and own a bankcard (including Start and Versatile Clever Card) linked to the bank account with declaration. From January 1<sup>st</sup> 2025, the discount will be applicable for POS terminal transactions operated by Magyar Posta as well.

If the sum of the first two HUF cash withdrawals in the actual calendar month is higher than HUF 300,000, Bank applies fees listed in the actual List of Conditions for the amount which exceeds HUF 300,000.

Bank provides the free of charge transactions related to the bank account for which the declaration has been submitted.

In case the declaration is submitted until the 20<sup>th</sup> day of the given calendar month, the discount is available from the first day of the next calendar month.

The value date of debiting means the day when the international bankcard association files the transaction slip with the Bank, and the Bank executes booking qualifying as the settlement of the transaction. It is on this day that the Bank pays the equivalent of the transaction to the card honouring retailer. The Bank undertakes to debit the Customer's bank account attached to the bankcard within 15 days of the Bank's receipt – sent by the international Card Association – of the transaction slip at the latest. If the Bank keeps several accounts for the Customer, the Customer may request – against payment of a fee specified in the List of Terms and Conditions – to have his or its bankcard attached to another bank account kept at the Bank on behalf of the Customer. The international bankcard association shall settle the transaction in HUF, USD or EUR. If the transaction is effected in a currency different from these currencies of settlement, the international card association shall convert the amount of the transaction at its own rates of exchange. The country of the transaction shall not be decisive as far as the currency of settlement is concerned.

If the currency of the bank account attached to the bankcard differs from the currency used by the international bankcard association in the course of settlement, the Bank shall convert the relevant amount at its own foreign currency buying / selling rate quoted on the date of the conversion, and debit the bank account with this converted amount, plus conversion charges as per the List of Terms and Conditions from time to time in effect.

## 5 Details related to the discontinuation of Mastercard debit card sales

1. From Aug 1, 2025, our bank will replace Mastercard (except for Mastercard Gold and Virtual no plastic Mastercard) debit cards with new types of Visa debit cards. The card exchange is free of charge, and the current fees and costs associated with the card will not change unfavorably.
2. After Aug 1, 2025, the Bank will no longer issue Mastercard debit cards. Therefore, after this date, when renewing the primary or supplementary card, or when issuing a replacement card (e.g., in case of loss, theft, or damage to the card), we will provide our customers with a new Visa debit card (except for Mastercard Gold and Virtual no plastic Mastercard). However, the Bank may temporarily continue to issue Mastercard World Elite debit cards even after this date.
3. In connection with the exchange of debit cards, from June 1, 2025, our bank will unilaterally modify the card pickup location for our Retail and Premium Banking customers based on section 19.13.4 of Chapter XIX of Part 1 of the General Business Conditions, due to changes in certain economic factors and costs significantly affecting operating expenses. Therefore, from this date, the renewed, replacement, or supplementary card will be sent by mail to the notification address recorded with the bank.
4. The Bank will issue a Visa card (except for Mastercard Gold and Virtual no plastic Mastercard) that is fully equivalent in usability, operation, and functions to the Mastercard debit card. This does not result in any unfavorable changes for customers in terms of fees and costs.
