Amendments announced on 27th May 2026 and effective as of 28th of May 2026 are marked by yellow background:

- The Bank will accept new applications through the Raiffeisen Online Account Opening Platform until 8:00 PM on May 28, 2026, so from this date on, the selection of bank cards you can apply for through each channel will change.

Amendments announced on 30th April 2026 and effective as of 20th of July 2026 are marked by gray background:

- Pursuant to the amendment of Act LXXXV of 2009 on the provision of payment services, the increased free cash withdrawal limit of HUF 300,000 for the first two monthly ATM withdrawals applies only to customers who have declared free cash withdrawals and does not apply to customers who have not made such a declaration. Accordingly, the modification announced by the Bank on January 19, 2026, applies the increased limit exclusively to customers who have submitted a free cash withdrawal declaration. The free cash withdrawal limits will therefore be clarified and specified separately for customers who have made the free cash withdrawal declaration and those who have not.

Amendments announced on 31st March 2026 and effective as of 1st July 2026 are marked by turquoise blue background in the List of conditions:

- The fees marked with a turquoise blue background have been increased from April 1, 2026, based on the 4.4% consumer price index for the year 2025; however, the Bank is postponing the enforcement of this increase as a promotional measure until June 30, 2026, during which time the fees marked as promotional remain in effect. The fees marked with turquoise color will take effect from July 1, 2026.

Amendments announced on 30th April 2025 and effective as of 1st of May 2025 are marked by green background in the List of conditions:

- The Bank, considering the measures proposed by the Ministry of National Economy to curb inflation, has decided to offer discounts on certain fees on a promotional basis from May 1, 2025, to June 30, 2026. The discounted fees falling within this category—also including the extension of certain previously announced promotions—are highlighted as 'Promotional Fee' with a green background in the current Conditions List. The Bank reserves the right to modify or terminate these promotions with two months' prior notice to the affected clients, should unforeseen material and adverse changes occur in the circumstances existing at the time of the announcement of the promotions—particularly in the legal and regulatory environment applicable to the Bank—that make it unreasonable to maintain these promotional fees (highlighted with a green background) under unchanged conditions.

The fees for Visa Classic, Visa Platinum cards indicated in the above table apply only to Visa cards issued by the Bank as a unilateral card replacement for those originally requested before 2025.08.01, which differed from these. Details related to the bank-initiated card replacement can be found in point 5 of the current List of Conditions.

Cards issued for the Basic Account will be replaced with Visa Classic cards after 01.08.2025, for both main and companion cards. The annual fee for cards replaced for Visa Classic for main cards is HUF 0. The fee for Visa Classic companion cards issued in this way is:

- Unembossed Start CLEVERkártya (with standard card image) annual fee for previous cards: **Promotional fee: HUF 4 920**, Standard fee: HUF 5 326, and issuance fee: **Promotional fee: HUF 3 981**, Standard fee: **HUF 4 309**.
- Fees for the requested companion card: VertiCard: annual fee: **Promotional fee: HUF 7 780**, Standard fee: HUF **8 421**, and issuance fee: **Promotional fee: HUF 4 230**, Standard fee: **HUF 4 578**.

*The promotional fee applies to card fees due during the promotional period; in the case of an annual fee, it applies to the first year's card fee.

** The promotion applies to bank cards requested from January 1, 2026, until withdrawn, but no later than June 30, 2026. The discounted annual fee will be charged if the Customer conducts purchasing transactions totaling at least HUF 300,000 with the given debit card or as a Primary Cardholder with their credit card in the 12 months preceding the annual fee charge. If this condition is not met, the non-discounted fee will be charged. Only booked transactions will be considered when accounting for purchasing transactions. The annual fee for the card will be determined and charged based on the conditions of the account package applicable to the Customer at the time of the annual fee charge. When the condition for the discounted annual fee is met, the transaction information stored in the Bank's systems will be authoritative. The Bank does not provide a separate information interface regarding this; already executed purchasing transactions can be verified based on the account history. The first annual fee for the card will be charged upon its issuance, and subsequently, every year on the first working day of the month following the month of the first issuance.

1.3 Transaction fees – Card purchase and cash withdrawal fees ¹

In accordance with Act LXXXV of 2009 on the Pursuit of the Business of Payment Services, 36/A. § section (4) point c), Raiffeisen Bank provides two HUF cash withdrawals for free of charge per month from any Automated Teller Machine (ATM) in Hungary up to HUF 300,000 in total for customers who submitted a declaration at Raiffeisen Bank and own a bankcard (including Start and Versatile Clever Card) linked to the bank account with declaration. The Mastercard bankcards and the VISA debit cards issued by the Bank from 8th January 2024, are considered contactless bankcards.

In case of contactless purchases below HUF 15 000, or below the defined amount in other countries outside Hungary, the Minicard can be used at contactless payment acceptance points without signature or PIN code. In accordance with requirements concerning strong customer authentication, customers may be expected to enter their PIN codes for amounts below HUF 15 000 as well. In case of purchases above HUF 15 000, or above the defined amount in other countries outside Hungary (e.g. EUR 20), the cardholder has to approve the transaction with PIN code.

The value date of debiting means the day when the international bankcard association files the transaction slip with the Bank, and the Bank executes booking qualifying as the settlement of the transaction. It is on this day that the Bank pays the equivalent of the transaction to the card honouring retailer. The Bank undertakes to debit the Customer's bank account attached to the bankcard within 15 days of the Bank's receipt – sent by the international Card Association – of the transaction slip at the latest. If the Bank keeps several accounts for the Customer, the Customer may request – against payment of a fee specified in the List of Terms and Conditions – to have his or its bankcard attached to another bank account kept at the Bank on behalf of the Customer. The international bankcard association shall settle the transaction in HUF, USD or EUR. If the transaction is effected in a currency different from these currencies of settlement, the international card association shall convert the amount of the transaction at its own rates of exchange. The country of the transaction shall not be decisive as far as the currency of settlement is concerned.

If the currency of the bank account attached to the bankcard differs from the currency used by the international bankcard association in the course of settlement, the Bank shall convert the relevant amount at its own foreign currency buying / selling rate quoted on the date of the conversion, and debit the bank account with this converted amount, plus conversion charges as per the List of Terms and Conditions from time to time in effect.

5 Details related to the discontinuation of Mastercard debit card sales

1. From Aug 1, 2025, our bank will replace Mastercard (except for Mastercard Gold and Virtual no plastic Mastercard) debit cards with new types of Visa debit cards. The card exchange is free of charge, and the current fees and costs associated with the card will not change unfavorably.
2. After Aug 1, 2025, the Bank will no longer issue Mastercard debit cards. Therefore, after this date, when renewing the primary or supplementary card, or when issuing a replacement card (e.g., in case of loss, theft, or damage to the card), we will provide our customers with a new Visa debit card (except for Mastercard Gold and Virtual no plastic Mastercard). However, the Bank may temporarily continue to issue Mastercard World Elite debit cards even after this date.
3. In connection with the exchange of debit cards, from June 1, 2025, our bank will unilaterally modify the card pickup location for our Retail and Premium Banking customers based on section 19.13.4 of Chapter XIX of Part 1 of the General Business Conditions, due to changes in certain economic factors and costs significantly affecting operating expenses. Therefore, from this date, the renewed, replacement, or supplementary card will be sent by mail to the notification address recorded with the bank.
4. The Bank will issue a Visa card (except for Mastercard Gold and Virtual no plastic Mastercard) that is fully equivalent in usability, operation, and functions to the Mastercard debit card. This does not result in any unfavorable changes for customers in terms of fees and costs. The fees and conditions associated with the Visa card will match those of the current Mastercard card (in the case of replacing a Mastercard Platinum debit card, some fees for the new Visa Platinum card will be more favorable). The Bank informed its customers about the above changes by April 1, 2025, via a customer notification sent through Direktnet or by mail.
5. The Bank will contact Mastercard Gold, Visa Gold, and Virtual No Plastic Mastercard cardholders in a separate letter to select a new type of Visa debit card.

The Bank notified its customers of the above changes in a letter sent out by April 1, 2025 via DirektNet, email, or postal mail.
