Amendments announced on 09th September 2025 and effective as of 10th of September 2025:

- Correction of a typo in the description of the "Tesco – ALFA Insurance Promotion 2025," without any substantive modifications.

Amendments announced on 29th August 2025 and effective as of 1st of September 2025 are marked by yellow background in the List of conditions:

- The promotion titled "Autumn Account Opening Campaign 2025 - for Telekom Magenta Moments members" will be announced.
- The "Summer Account Opening Campaign 2025" promotion will be extended – supplemented with a purchase cashback bonus.
- The discount related to the account opening credit specified in point 2 will be extended as part of the "Tesco Account Opening Promotion 2024-2025."

Amendments announced on 18th August 2025 and effective as of 29th of October 2025 are marked by grey background in the List of conditions:

- From October 29, 2025, the Bank will modify the maximum daily transfer limit and clarify the related information of transfer limits that can be specified on myRaiffeisen portal, myRaiffeisen mobile application, and Raiffeisen DirektNet.

Amendments announced on 31st July 2025 and effective as of 29th of October 2025 are marked by red background in the List of conditions:

- Starting from October 29, 2025, the Bank will introduce two new transaction limits (applicable to orders that can be placed on the myRaiffeisen portal, the myRaiffeisen mobile app, and Raiffeisen DirektNet).

Amendments announced on 30st April 2025 and effective as of 1st of May 2025 are marked by purple background in the List of conditions:

- The Bank, considering the measures proposed by the Ministry of National Economy to curb inflation, has decided to offer discounts on certain fees on a promotional basis from May 1, 2025, to June 30, 2026. The discounted fees falling within this category—also including the extension of certain previously announced promotions—are highlighted as 'Promotional Fee' with a purple background in the current Conditions List. The Bank reserves the right to modify or terminate these promotions with two months' prior notice to the affected clients, should unforeseen material and adverse changes occur in the circumstances existing at the time of the announcement of the promotions—particularly in the legal and regulatory environment applicable to the Bank— that make it unreasonable to maintain these promotional fees (highlighted with a purple background) under unchanged conditions.

The Bank postpones the effective date of the changes announced on February 28, 2025. The new effective date for the modifications highlighted with a green background is July 1, 2026. (Original postponed effective date was May 16, 2025.)

- Reason for amendment: The Bank is making a unilateral modification (fee increase) of "Cash withdrawals in Hungary without a bank card at a branch" fees for Premium Banking and Premium Banking Plus accounts, due to changes in the financial transaction tax as per Act CXVI of 2012 ("Pti.") and Act LV of 2024, as a result of changes in the public taxes related to its activities, in accordance with point 19.13.4 of Chapter XIX, Part 1 of the General Business Conditions.
- The Bank decided to postpone the effective date considering the measures proposed by the Ministry of National Economy to curb inflation. The Bank reserves the right to establish a different effective date for the modifications if unforeseen material and adverse changes occur in the future in the circumstances existing at the time of this postponement—particularly in the legal and regulatory environment applicable to the Bank— that make the postponed effective date of the modifications unreasonable for the Bank.

Amendments effective as of 1st of September are marked by turquoise background:

- Securities account opening promotion has been announced

1 Terms and Conditions

1.1 **General terms and conditions of the bank account fee packages available from 1st February 2024, Premium segmentation rules and conditions**

Premium Banking account:

Eligibility criteria: Pre-condition for the use of the account is to receive on a **monthly basis** (i) from outside the Bank or (ii) from within the Bank, from a legal person or a company without legal personality or a sole trader, **in a lump sum** of at least twice the monthly gross minimum wage (the statutory minimum amount of the basic salary of a full-time employee for full-time work) in HUF or the equivalent amount in a foreign currency quoted by the Bank (this is HUF 581,600 from 01.01.2025), credited to the Premium Banking or any foreign currency Customer's account, provided that the amount of the credit does not exceed the minimum monthly credit amount currently specified for the Premium Banking Plus account. For the purposes of this condition, the Bank shall not consider a transfer between own accounts as a credit transfer.

Verification of the condition: The Bank shall verify compliance with the above conditions on the last working day of the relevant month (reference month). The Bank shall examine the fulfilment of the above crediting condition for the relevant month (reference month) from the 20th day of the month preceding the reference month to the 19th day of the reference month. The Bank does not verify the fulfilment of the conditions for the use of the account fee package during the month of setting up the account fee package and the first following month (grace period), but will do so on the last working day of the next month.

The Bank determines the HUF equivalent of foreign currency credits by taking into account the Raiffeisen Bank's mid exchange rate valid for individuals on the day of the verification.

Charging account management fee: After the grace period, in case of non-compliance with the condition, the Bank shall be entitled to charge a monthly account keeping fee, due on the 3rd working day of the month following the month concerned.

Promotion: From 1 February 2024 until 31st December 2026, the Bank will not charge a monthly account keeping fee, and will consider the conditions for using the Premium Banking account to have been met during the promotional period, if the amount of the above-mentioned crediting to the account equals to at least HUF 400,000 or its foreign currency equivalent.

Premium Banking Plus account:

Eligibility criteria:

Pre-condition for the use of the account is

- to receive on a monthly basis (i) from outside the Bank or (ii) from within the Bank, from a legal person or a company without legal personality or a sole trader, in a lump sum of four times the monthly gross minimum wage (the statutory minimum amount of the basic salary of a full-time employee for full-time work) in HUF or the equivalent amount in a foreign currency quoted by the Bank (this is HUF 1,163,200 from 01.01.2025) credited to the Premium Banking Plus or any foreign currency Customer's account, or
- that the aggregate balance of the Customer's savings with Raiffeisen Bank is at least fifty times the current gross monthly minimum wage or the equivalent amount in foreign currency. (this is HUF 14,540,000 from 01.01.2025), but it should not exceed the lowest amount of the required savings specified in the current List of Terms & Conditions for Private Customers, i.e. the Private Banking segment limit.

Verification of the condition: The Bank shall verify compliance with the above conditions on the last working day of the relevant month (reference month). The Bank shall examine the fulfilment of the above crediting condition for the relevant month (reference month) from the 20th day of the month preceding the reference month to the 19th day of the reference month. The Bank does not verify the fulfilment of the conditions for the use of the account fee package during the month of setting up the account fee package and the first following month (grace period), but will do so on the last working day of the next month.

For the purposes of this condition, the Bank shall not consider a transfer between own accounts as a credit transfer.

When calculating the aggregate savings balance, the Bank takes into account: The balance of Raiffeisen bank accounts, the amount of time deposits and the aggregate closing balance of securities accounts with Raiffeisen Bank available on the day of verification.

The Bank determines the HUF equivalent of foreign currency credits and/or savings by taking into account the Raiffeisen Bank's mid exchange rate valid for individuals on the day of the verification.

Charging account management fee: After the grace period, in case of non-compliance with the condition, the Bank shall be entitled to charge a monthly account keeping fee, due on the 3rd working day of the month following the month concerned.

Promotion: From 1 February 2024 until 31st December 2026, the Bank will not charge a monthly account keeping fee, and will consider the conditions for using the Premium Banking Plus account to have been met during the promotional period, if the amount

- of the above-mentioned crediting to the account equals to at least HUF 700,000 or its foreign currency equivalent, or
- the aggregate balance of the above assets (savings) deposited with the Bank equals or exceeds HUF 10,000,000 or its equivalent in a foreign currency.

Common rules for Premium Banking and Premium Banking Plus accounts:

Premium Banking and Premium Banking Plus accounts can only be opened in HUF.

Customers may only have one account in respect of Premium Banking and Premium Banking Plus accounts. The Bank offers the Premium Banking and Premium Banking Plus accounts to new Customers, whereas for Customers already existing on 31st January 2024, the same accounts will be offered only as part of account package switching.

If the Customer wishes to open a foreign currency account or an additional HUF account, the List of Terms & Conditions for Retail Customers shall apply. Opening and maintaining at least one HUF account in the Premium segment per customer is mandatory. Failure to comply with this requirement will entitle the Bank to reclassify the Customer to the Retail segment.

Initiating a package switching is only possible to sold account packages.

If, on the day of verification, the Customer has any debts that have been overdue for more than 30 days, the Customer shall be obliged to pay, in relation to the maintenance of the bank account fee package the monthly account keeping fee, regardless of whether all the other conditions are fulfilled.

In the event the Customer initiates the switching of the bank account fee package, the Customer shall be exempted from the obligation to pay any account keeping fee that may be due in the month concerned, if the Customer concludes the agreement with the Bank for the switching of the bank account fee package by the 5th business day prior to the last business day of the month concerned.

In case of reclassification of the Customer to the Retail segment, the terms and conditions of the account package defined as the Fee Winner or its respective successor shall apply, unless otherwise specified by the Customer.

For matters not covered in this List of Terms & Conditions for the above bank accounts, the terms and conditions of the Fee Winner account in the current List of Terms & Conditions for Retail Customers shall prevail.

***Rules applicable to free one-off transfer and standing order limits**

Calendar month: from 00:00 on the 1st of every month until 23:59 on the last day of the month.

Method for calculating the free limit:

The free transfer limit applies per account, is only valid for the account packages specified above and cannot be split between accounts. The free transfer limit includes all payment orders (including instant transfer orders initiated by a payment request or unified data entry solution) or transactions submitted to the Bank through the specified channel, regardless of whether the order has been executed, revoked, cancelled or recalled. In the case of an order with a value date, if the date of submission and the value date indicated by the Customer are in different months, the amount of the transaction in question will be included in the limit for the month of the value date. The free transfer limit is only available for the calendar month concerned. If the free transfer limit is not used up in a given month, it cannot be carried over and cannot be accumulated for subsequent months. The different discounts cannot be combined, the available

free limit is also reduced by free transaction types – e.g. executing a payment request or unified data entry solution, executing a transfer of less than HUF 50,000.

One-off and recurring transactions are subject to different free transfer limits, which cannot be combined or split and are only valid through a specified submission channel, and the calculation of the transaction is also performed separately within these limits.

The free transfer limit is calculated on the basis of the transaction information stored in the Bank's systems. The Bank does not provide a separate informational platform in this regard, the limit utilisation can be checked in the account history.

If the amount of a given transaction is higher than the available free transfer limit, the currently applicable non-discounted fee will be applied to the amount exceeding the limit. Any additional transactions exceeding the free transfer limit will also be subject to the applicable non-discounted fee. Non-discounted fee: for the portion exceeding HUF 50,000 0,45%, max. HUF 20,000.

In-bank transfers between own accounts do not reduce the free limit.

For the purposes of calculating the free limit, a transfer between the customer's accounts registered with the Bank in different customer master records is not considered a transfer between own accounts. (The customer master is the same as the middle 6 characters of the Account ID / short account number on the bank statement header and on the customer card.

In the event of switching between account packages, all transactions initiated in a given calendar month will reduce the free transfer limit applicable to the current account package after switching the account package – regardless of whether the transaction was initiated and/or booked before the switching of the account package.

The free transfer limit is only available to the Customer until the day he/she has an account package in which this free transfer option is available.

The Bank reserves the right to change, within the limits of the legislation in force, the settlement logic of the free transfer limit as detailed above.

Rules on free standing order limits:

In the case of Standing Orders, the Bank provides a free transfer limit separate from the HUF one-off transfers under the same conditions as for HUF one-off transfers, with the proviso that all orders submitted via any channel, including in-bank transfers between own accounts, intra-bank transfers and bank-to-bank transfers, are included in the free transfer limit.

The Bank does not charge a fee equal to the transaction fee for transfers to a customer account maintained by the Hungarian State Treasury (MÁK) or to a central account maintained for the purpose of distributing government securities. The Bank will debit the fees for these transfers and credit them to the customer's account retrospectively by the 10th day of the month following the month concerned, with the first credit being posted in cumulative amounts no later than 10th July 2024.

Rules for SEPA Credit Transfers:

In the case of electronic intra-bank and bank-to-bank SEPA (EUR) transfers within Hungary and to abroad within the EEA, the Bank provides a free transfer limit separate from the HUF one-off transfers under the same conditions as for HUF one-off transfers, under the proviso that the Bank will debit the fees for these transfers and credit them to the customer's account retrospectively by the 10th day of the month following the month concerned, with the first credit being posted in cumulative amounts no later than 10th July 2024. The urgent, extra urgent and conversion fees do not reduce the free transfer limit and are not part of it, i.e. they cannot be free of charge, they will be charged in all cases.

**The execution of payment requests or transactions initiated using the unified data entry solution are executed by made by instant bank transfer. Under Section 36/E of the Act LXXXV of 2009 on the Pursuit of the Business of Payment Services (Pft.) in case of instant HUF transfers initiated by payment request or unified data entry solution, fee(s) won't be charged by the Bank as long as this provision is effective.

*** For Customers existing on 31 January 2024 and upgrading to a Premium Banking or Premium Banking Plus account, standing orders and direct debit orders submitted at the branch or via Raiffeisen Direct are free of charge as part of the promotional offer.

The fees for Visa Classic, Visa Platinum-cards indicated in the above table apply only to Visa cards issued by the Bank as a unilateral card replacement for those originally requested before 01.08.2025, which differed from these. Details related to the bank-initiated card replacement can be found in point 7 of the Raiffeisen CLEVERcard. Bank- and Credit Card List of Conditions.

In the event of a reclassification from the Premium Banking segment or a switching between the Bank account fee packages initiated by the Customer, the Customer is entitled to keep the card in accordance with the conditions specified for cards that cannot be applied for in the Premium Banking segment until the card expires, i.e. until renewal. The Customer is entitled to keep the card issued in respect of the Membership, after the termination of the Membership, according to the conditions set out in the current List of Terms and Conditions for Retail Customers, until the expiry of the card, i.e. until renewal. Upon renewal of the card, the Bank will, unless the Customer instructs otherwise, issue the same type of retail card to replace the Premium card, with the conditions specified in the List of Terms & Conditions for Retail Customers. If the customer has a Premium card, the validity period of the insurance for travelling abroad matches the validity period of the Premium card.

* In the case of a Premium Banking account, the discounted fee will be charged if the Customer makes purchase transactions with the given debit card or with credit card as a Main Card Holder in the total amount of at least HUF 1,500,000 during the 12 months preceding the annual fee charge.

In the case of a Premium Banking Plus account, the discounted fee will be charged if the Customer makes purchase transactions with the given debit card or with credit card as a Main Card Holder in the total amount of at least HUF 2,500,000 during the 12 months preceding the annual fee charge.

For transactions amounting to HUF 1,500,000 and HUF 2,500,000, the Bank will only take into account the transactions carried out using the cardholder's respective card or the credit card as a Main Card Holder. When considering purchase transactions, only booked transactions will be taken into account. The annual card fee will be determined and charged based on the terms and conditions of the Customer's current account package applicable at the time the annual fee is charged. The discounted annual fee is calculated on the basis of the transaction information stored in the Bank's systems. The Bank does not provide a separate informational platform in this regard, purchase transactions already made can be checked in the account history. The card's first annual fee is charged upon issuance, and subsequently each year on the first working day of the month following the month of first issuance.

³ The purchase commission is charged by the bank at the issue of the investment notes.

⁴ 10% commission will be charged in the event that one or more purchases in a total value of more than HUF 350 000 000 / EUR 1 000 000 / USD 1 000 000 is or are performed within 5 banking days. In the case of purchase in several tranches, the commission is charged on the basis of the consolidated transaction value. The purchase commission charged in relation to the various partial purchases is offset by the Distributors against the value of the commission.

⁵ Raiffeisen Fund Manager has set a maximum distribution limit per series for the Raiffeisen Real Estate Fund, at which point the sales of the given series will be suspended, and the Fund Manager may decide to resume sales if the number of units falls below the distribution limit. ⁶ the value – in case of redemption of different share classes specified in this “Penalty Commission” section, the consolidated HUF value – of the units to be redeemed by the Investor exceeds HUF 100,000,000, and the Investor has not notified the Fund Manager in writing at least 30 days prior to the issuance of the redemption order (indicating the amount, the unit and the date). In this sense, a transaction is the total number of Units to be redeemed by an Investor within 30 calendar days. In case of redemption in several installments, the penalty commission is charged based on the consolidated transaction value. If, until the end of the daily distribution deadline, a valid redemption order is not given on the day specified in the prior notice sent to the Fund Manager or at the latest on the 2nd distribution day thereafter, or the Investor gives a valid redemption order only for a part of the original indicated redemption amount, with respect to the remaining amount, the above prior notice shall cease to be valid and the Investor shall be liable for the payment of the Penalty Commission, which shall be applicable to the Investor in the event of redemption exceeding the value limit of HUF 100,000,000 in accordance with this clause.

⁷ The basis of calculation is the actual rate of the redeemed fund. All of the redemptions within 5 business days count as one transaction. In case of redemptions in parts, the redemption fee will be calculated according to the sum of the transaction amounts. In case of redemptions in parts, the 2% redemption fee includes the fee of redemptions.

Details related to the bank-initiated card replacement can be found in point 7 of the Raiffeisen CLEVERcard. Bank- and Credit Card List of Conditions.

* In the event of the termination of a Premium amendment to the agreement, the Mastercard Premium Platinum card may be kept until its expiry, at the terms and conditions applying to the latest Premium type account package. After expiry, the card will be renewed as a Mastercard Gold card type as per the List of Terms & Conditions for Raiffeisen CLEVERcards, Debit and Credit Cards, at the terms and conditions applicable to the account package then in effect.

***The terms and conditions of the Visa Gold card issued as a replacement to the Premium Visa Gold card are included in the line "Premium Visa Gold".

The Mastercard bankcards and the VISA debit cards issued by the Bank from 8th January 2024, are considered contactless bankcards. In case of contactless purchases below HUF 15 000, or below the defined amount in other countries outside Hungary, the Minicard can be used at contactless payment acceptance points without signature or PIN code. In accordance with requirements concerning strong customer authentication, customers may be expected to enter their PIN codes for amounts below HUF 15,000 as well. In case of purchases above HUF 15 000, or above the defined amount in other countries outside Hungary (e.g. EUR 20), the cardholder has to approve the transaction with PIN code.

The THM was determined in accordance with the current conditions and the legal provisions in force and monthly free of charge Premium Gold account package, and its value may change if the conditions change. The definition of the THM refers to a HUF 375,000 credit limit, for OneCard Gold Credit Card to the minimum 750,000 HUF credit limit applicable from 25th August 2021 and a 1 year term. The annual percentage rate valid for the amount of the final purchase limit approved on the basis of the individual contract – which may differ from the values indicated in these Terms and Conditions – is included in the Bank's written notice, which is part of the individual contract. The settlement period taken into account in the calculation of the THM is the period between the 25th day of each month and the 25th day of the next month. If the limit date is not a bank working day, then the bank working day immediately preceding such date shall be taken into account in calculating the settlement period. The value of the THM does not reflect the interest risk of the loan. The annual percentage rate is calculated on the basis of the following formula:

$$H = \sum_{k=1}^m \frac{A_k}{(1+i)^{t_k}}$$

Where:

- H: the loan amount, less the costs related to the drawdown of the loan
- A_k: the amount of the kth repayment instalment
- m: is the number of repayment instalments,
- t_k: the time of the kth repayment expressed in years or part-years
- i: value of the THM
